

## Applications feild

### GYN Solution

**Test items:** Cervical cancer, endometrial cancer  
**Test sample:** Cervical swab, Endometrial sample

### Non-GYN Solution

**Test items:** Lung cancer, bladder cancer, kidney cancer, breast cancer, thyroid cancer, etc  
**Test samples:** Sputum, bronchoalveolar lavage fluid, saliva, pleural and peritoneal fluid, cerebrospinal fluid, pericardial fluid, urine, etc

## Patent and Certificate

EASY&EXCELLENT!

## E-Prep Liquid Based Cytology Processor System

- Easy operation, Excellent slide quality
- Covering GYN and Non-GYN specimens
- The third generation technology combined both Filtration and Precipitation method
- Unique cell preservation solution, efficiently lyses blood cells and mucus
